PROFESSIONAL EXPERIENCE

United States Army – Various Global Locations **(2003 – 2021)**

Operational Project Manager **(2020-Present)**

Schools operation manager, responsible for coordinating, forecasting, and processing attendance of Professional Military Education (PME), Functional Schools, and management of 670 military personnel.

- Instrumental to the organization and management progress towards reaching fully operational capable status.
- Relied upon to lead operations across the organization and management staff, including deployment preparation and training.
- Effectively managed the school's budget of over \$1.3M with zero losses. Ensured development of the organizations foundation of additional capabilities.

Senior Training Developer/Writer **(2016-2020)**

Training specialist and recognized expert for the Army Force Modernization, materiel acquisition, and system training integration. Analyzed training needs/deficiencies and developed effective mitigating solutions. Verified and validated individual tasks prior to Technical Manual approval.

- Participated in over 200 hours of professional development. Ensured proponent training requirements were adequately addressed.
- Implemented changes that improved the team's proficiency to complete and submit assigned Tasks.
- Revised 31 lessons plans in support of the new Army Basic Combat Training Program of Instruction.

Assistant Operational Manager **(2013-2016)**

Assistant Operations supervisor for a Reconnaissance unit. Responsible for the maintenance and logistical support of 5 military vehicles and equipment. Ensured the organization was ready for worldwide deployment.

- Advised the Deputy Director on motor pool operations. Pivotal in the rearrangement of the unit's vehicles and the establishment of the personnel Standard Operations Procedures (SOP).
- Ensured the readiness of all the section's deployable equipment valued over \$2M with zero losses or discrepancies. Preserved a 100% readiness rating.
- Managed the unit's ability to conduct worldwide reconnaissance and security of missions of peacekeeping or wartime capacity.

Personnel Training Manager **(2011-2013)**

Managed the planning, preparation, and execution of individual and collective training for 10 personnel including junior leaders. Additionally requested, received, and prepared vehicles and equipment in support of the U.S. Army Armor School and Fort Benning training requirements.

- Developed and implemented an aggressive training program to train and develop personnel on advanced Land Navigation Skills, and unit movement techniques.
- Effectively maintained 100% accountability of all assigned equipment valued in excess of \$48M.

Section Leader

(2009-2011)

Responsible for the planning, preparation and execution of individual and collective training for the section. Requested, received, and prepared vehicles and equipment in support of the U.S. Army Armor School and Fort Knox training requirements.

- Successfully managed the property accountability of over \$5M in equipment resulting in no losses or negligent damage.
- Provided training and instruction as an Operation Instructor for weapons crews.
