PROFESSIONAL EXPERIENCE

United States Marine Corps from 2002 – 2023

Transportation Chief

- Spearheaded maintenance projects for company assets and equipment, which improved material readiness and saved personnel time, and reduced redundant costs which increased efficiency.
- Supervised company personnel in the inspection procedures of company assets and systems; ensured the safety of the organization, equipment, and assets, benchmarked as best practice.
- Led cross-functional teams that transformed critical process, functionality, and cooperation; reconstituted partnerships within departments; ensured transparency.
- Managed a multi-organization team; briefed outcomes to senior leaders on complex processes; established operational procedures; provided a clear vision.
- Taught operational policies and procedures through doctrinal instruction based on experience and skills to company personnel, increased readiness.

Operations Chief/ Management

Oversaw, planned, trained, and coordinated multiple major training exercises for over 180 members for extensive periods of times in a fast-paced and rigorous environment, in support of global operations.

- Maintained a fleet of over 300 tactical assets and equipment above 95% readiness at all times.
- Supervised and managed an efficient and effective operator/crew level preventative maintenance program, to include a cost effective requisitioning in repair parts.
- Planned and conducted new member orientations for over 50 members; ensured compliance to policies, productivity, and assimilation into new environment.
- Supervised all administrative and technical processes and procedures for personnel and equipment management, convoy operations, and training evolutions such as ranges, night operations, bilateral training with sister services and more.
- Assembled and led multiple long haul convoys of over 60 vehicles or more, hauling well over 414,000 pounds of cargo while traveling over 150 miles each way; with an accumulative total of 7,800 miles incident free.
- Participated and led members safely through major global operations such as Iraqi Freedom and Enduring Freedom.

Experienced/ Senior Instructor

Led, trained and mentored over 3600 Marines on the subjects of core values (*honor, courage, and commitment*), basic individual skills, leadership, team work, and other military subjects with the overall objective of a successful military career; but more importantly returning back to society a model citizen.

- Trained and mentored and professionally developed 30 fellow instructors in the successful administration of Motor Transportation Operation training curriculum and physical development standards to include self-discipline, respect for self and others.
- Consistently evaluated 12 teams of 3 – 4 members daily on performance, team work, ethics, confidence, leadership, and courage, while providing guidance and mentorship which resulted a unit average rating of 97.96% for final testing, and 276.78% for final Physical Fitness Test.

Customer Service

- Streamlined company operation processes using lean management principles; resulted in the reduction of waste while increasing quality.
- Identified training needs and effectiveness of a cross-functional organization; assisted in the development of innovative teaching techniques and conducted professional development seminars.

- Implemented effective conflict resolution methods, guidance on operational issues, and communicated organizational performance expectations; met operational requirements for a diverse organization.

Digital Information Operations

- Maintained compliance with regulatory policies and procedures; ensured the successful completion of maintenance evolutions without degradation.
- Spearheaded programs that ensured zero safety incidents; maintained a high workflow capacity that completed projects on time and within budget guidelines.
- Streamlined multiple external maintenance assets; ensured assigned equipment maintained operational readiness with zero defect or safety concern.
